

# iFIGs

Interdisciplinary First-year Interest Groups offer four unique options for your 360 connection

## iFIGs are theme-based learning communities that ...

- consist of roughly 17 first-year students, a peer mentor, and a staff facilitator
- provide academic and social support and resources during your first semester
- include a weekly seminar and two core curriculum courses
- are open to all students and allow you to expand your networks outside of your major and college

Interested in one of the iFIGs below? Bring this flyer to your advising session and discuss registering for an iFIG with your advisor. Full course descriptions can be found at [registrar.utexas.edu/schedules](http://registrar.utexas.edu/schedules).

### **GENDER & SEXUALITY (98245)**
