Instructions for submitting your proposal. Complete sections I-III of the scholarship application and submit with your completed Connecting Experience Proposal. Please provide as much information as possible to allow our office to make an informed decision.

Important Scholarship Information. Please read the following very carefully. If you have any questions about the scholarship process, please direct them to your BDP advisor.

Please note that scholarships are awarded after a Connecting Experience begins. Even if you receive an award, you will need to pay program, travel, or other fees before you receive any funding from the BDP Office. Please make arrangements to pay these costs as there may be a significant delay between the time your Connecting Experience begins and the time you receive your award.

If you are currently receiving financial aid and you are awarded a BDP scholarship, we recommend that you speak with a counselor in the Office of Student Financial Services to determine whether this Connecting Experience scholarship will affect your existing aid package.

If you receive a scholarship, it will be disbursed via direct deposit. If you do not have direct deposit set up, any awarded funds will be mailed to your current local address. Please update your address and direct deposit information on UT Direct.

BDP Scholarship Evaluation Criteria. BDP scholarships are designed to help defray the cost of pursuing a Connecting Experience; as such, financial need is strongly taken into consideration. The factors are considered

- Student's financial need
- Connection of the experience to the BDP topic & strand
- Quality of the Connecting Experience
- Location of the Connecting Experience
